The 5th Wave: by Rick Yancey | Summary & Analysis

Rick Yancey gives a fresh twist to the idea of an alien apocalypse in his Young Adult science-fiction bestseller. Alien enthusiasts expecting to find creatures with three eyes or slimy tentacles may be disappointed, or perhaps, they may feel refreshed by Yancey's choice to place the alien consciousness within a human host. Although it rids the novel of a definitive extraterrestrial creepiness, putting the aliens in human form to roam the Earth undetected presents a series of significant dilemmas for the survivors of humanity. It is a unique change of pace that allows for an unusual dynamic in the typical alien-human relationship: for once, they can communicate. Communicate well.

Cassie Sullivan is busy leading the typical life of the American teenager when an alien invasion turns her world upside down. The Others, as they are called, have come to the Earth for reasons unknown to anyone. Their mothership becomes a permanent fixture in the sky as humans speculate to their purpose. Days of silence pass and just when everyone begins to let their guard down, the waves of destruction begin crashing. Cassie finds herself honor-bound to the promise she made her little brother when he was taken away. Driven purely by perseverance and love, she fights her way through the desolate world.

This companion to The 5th Wave also includes the following:

- Book Review
- Story Setting Analysis
- Story elements you may have missed as we decipher the novel
- Summary of the text, with some analytical comments interspersed
