What if the darkness could whisper your name? Touch you?

And what if that same darkness...was calling you home?

Austin Iverson experiences this firsthand on the eve of his thirtieth birthday, when a sinister entity manifests to reveal the startling truth of his birth. He is not human. He is Incubus! A species of carnal demon hunted and slaughtered to extinction by the Shadow Walkers over a millennia ago, or so the supernatural community believes. But inheriting incubus power comes at a steep price. His *awakening* sets in motion a catastrophic chain of events that will not only threaten his own life, but jeopardize the lives of everyone he holds dear, because it unleashes an immortal enemy consumed by an unquenchable thirst for his blood; a creature so merciless it will stop at nothing until it fully possesses Austin--for the ritual sacrifice of an incubus is the key that will grant this ancient evil dominion over Mankind.

INCUBUS MOON is the antidote to the predictable urban fantasy yarn, turning the genre on its ass-kicking head by daring to break the rules and offer readers a new hero to root for; one whose lust for adventure and wry sense of humor is bested only by an uncanny knack for landing at the heart of danger.

Advisory: This novel is highly erotic and targeted at adult audiences uninhibited by hetero- and homoerotic themes.
