You, my Friendly Travelers, are the ones for whom I wrote this book. You are the humans who walk with one foot on the shores of life on Earth, and the other foot in the Ocean of The One Almighty Power of love and peace. A number of us global humans live day to day. Some target experience or expertise as the way to empower life. Others want to do what is enticing. Still others seek to progress in our field of endeavor and break the barrier with new progressive ideas. If you want to open and expand your consciousness, for whatever reason: stress, health,business,job,relationship,family, degree,or mysticism, it is worth preparing and planning. One of the worst things about not waking up consciousness at all, or only marginally so, is that you don't know what you don't know. To seek the truth and upgrade your human system that would be beneficial to you in all areas of life is worth the quest.
