Over 175 International ETFs that trade in the U.S.A. plus 30 Currency ETFs. This book shows the top 10 holdings in each ETF and in what proportions the particular ETF holds these securities. It is the component parts that matter nothing more and nothing less. Some ETFs that claim they are international hold mostly U.S.A. securities. The World ETF Handbook looks at ETFs in an unique way and lets the reader see what is being bought before buying the ETF. Many ETFs change their component parts during the year. An example of such changes is dissected and the resultant performance shown. The World ETF Handbook classifies ETFs by region, sub regions, countries and country sub categories and includes Synthetic Regions such as Chindia and BRIC. For the savvy investor and investment professional the World ETF Handbook is a must to handle clients' needs and international investment requirements. Want to invest in Africa and buy a North African telephone company's securities? This Handbook has the answer. This is the time to balance your portfolio with some international securities an ETF is the best way to do that. But which ETF do I buy? The World ETF Handbook tells you what you are buying before you buy it. Some ETFs are so highly diversified that the Top 10 holdings only add up to less than 5%. Some other ETFs have 80% to 90% of their holdings in the Top 10. Which is which? This is the Mid 2009 Edition. Any serious investor needs this now.
