The Eastern Front 1914-1917

Norman Stone

The Eastern Front 1914-1917 Norman Stone

A groundbreaking historical study, Norman Stone's *The Eastern Front 1914-1917* was the very first authoritative account of the Russian Front in the First World War to be published in the West.

In this now-classic history he dispels the myths surrounding a still relatively little-known aspect of the war, showing how inefficiency rather than economic shortage led to Russia's desperate privations and eventual retreat.

He also interprets the connection between the war and the chaos that followed, arguing that although fighting had almost ceased by the end of 1916, Russia was still in turmoil - undergoing a period of change that would inexorably lead towards revolution.
