--- Why would anyone need to steal ten zombie heads? ---

It's 1907, twenty years after the outbreak of a zombie Plague. For a young student of medicine like Clint, the undead bodies provide an opportunity to study human physiology in the working. He is a good young man: tidy, well-mannered and hard working. Focused on his goal to become an excellent surgeon, Clint has a bright future ahead of him. If it weren't for a shameful secret he's forced to keep, his life would have been perfect.

Xavier, a peculiar foreigner he finds in the morgue late at night, claims to be an assistant to one of Clint's professors, but doesn't know the first thing about the proper way to behead zombies. Xavier's story has many loose ends, but something about him unlocks all the emotions Clint always kept bottled up inside. When he learns the truth about Xavier, Clint finds himself involved in a conspiracy that could destroy everything he's worked so hard for. Frightened by the possible consequences, yet strangely fascinated by the eccentric, tattooed stranger, Clint follows him to places he would never dare explore on his own.
