Restoring Values: Keys to Integrity, Ethical Behaviour and Good Governance

This volume is a wake-up call to Indians to shape their country as an ethical nation. The articles in the compilation have been written by some of the most eminent thinkers and leaders of India in various fields who are known for their commitment to living and working with integrity. It addresses the reasons for the absence of honest, ethical, and transparent dealings in all sections of the society, including legislative, executive, and judicial branches of the government. The compendium not only captures the essence of the conclave but goes beyond it by providing a roadmap for initiatives that can be taken at individual and collective levels to transform India into an upright nation free from corruption, deception, and opaqueness in decision making.
