Learning Perl, 5th Edition Randal Schwartz, Tom Phoenix, brian d foy

Learning Perl, popularly known as "the Llama," is the book most programmers rely on to get started with Perl. The bestselling Perl tutorial since it was first published in 1993, this new fifth edition covers recent changes to the language up to Perl 5.10.

This book reflects the combined experience of its authors, who have taught Perl at Stonehenge Consulting since 1991. Years of classroom testing and experience helped shape the book's pace and scope, and this edition is packed with exercises that let you practice the concepts while you follow the text. Topics include:

- Perl data & variable types
- Subroutines
- File operations
- Regular expressions
- String manipulation
- Lists & sorting
- Process management
- Smart matching
- Using third party modules

Perl is the language for people who want to get work done. Originally targeted to sysadmins for heavy-duty text processing, Perl is now a full-featured programming language suitable for almost any task on almost any platform-from short fixes on the command line to web applications, bioinformatics, finance, and much more. Other books may teach you to program in Perl, but this book will turn you into a Perl programmer.

From reader reviews:

Steven Parrish:

What do you with regards to book? It is not important together with you? Or just adding material when you want something to explain what yours problem? How about your time? Or are you busy man? If you don't have spare time to accomplish others business, it is make one feel bored faster. And you have free time? What did you do? Every person has many questions above. They need to answer that question because just their can do in which. It said that about guide. Book is familiar on every person. Yes, it is proper. Because start from on guardería until university need this particular Learning Perl, 5th Edition to read.

Grace Harrell:

As people who live in typically the modest era should be update about what going on or data even knowledge to make all of them keep up with the era which is always change and move ahead. Some of you maybe may update themselves by examining books. It is a good choice for you but the problems coming to an individual is you don't know which one you should start with. This Learning Perl, 5th Edition is our recommendation to help you keep up with the world. Why, since this book serves what you want and wish in this era.

Ann Foley:

The reason why? Because this Learning Perl, 5th Edition is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will jolt you with the secret it inside. Reading this book close to it was fantastic author who all write the book in such wonderful way makes the content inside easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of advantages than the other book have such as help improving your ability and your critical thinking technique. So , still want to delay having that book? If I have been you I will go to the guide store hurriedly.

Tommy Bowles:

This Learning Perl, 5th Edition is great e-book for you because the content which is full of information for you who have always deal with world and also have to make decision every minute. That book reveal it info accurately using great organize word or we can point out no rambling sentences in it. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but difficult core information with wonderful delivering sentences. Having Learning Perl, 5th Edition in your hand like finding the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world within ten or fifteen second right but this book already do that. So , this is good reading book. Hello Mr. and Mrs. busy do you still doubt that will?
