What's Your Plan - Either Plan Now or Plan To Fail: Don't Let Your Past Ruin Your Future - Control The Course of Your Life Now Keith Strickland

For years I sold drugs and lived as a criminal. I successfully did what over 70% of people never do, I was able to completely change my life. After going back and forth to jail over 40 times and serving 5 years of my life behind bars, I decided I wanted more out of life, and I got it. This is more than a self-help book. This is how I went from being another inmate in a jail cell to a CEO in a boardroom. I broke down over 25 behavior, character, and lifestyle traits I had to change in order to transform from who I was and grow into a successful business owner.

This book is created to help you modify any negative behavior patters that are holding back, and create a thoroughly developed life plan, while watching how I did the same exact thing in 1 area in your life at a time. As I share my change with you, we will also create the same change in your life together.

Creating lasting change and making it to a new level in life can be one of the most difficult things we ever achieve. For years I have created behavior modification programs for school systems, court systems, and the Department of Corrections because I successful broke my own cycle of destruction, so I wanted to help others make the same change. After seeing great success with the programs within each system we worked with, I decided to write this book so as many people as possible could achieve the same level of success in their personal life.

Everyone deserves the chance to grow, be proud of themselves, and live a good life - and if we all have the correct information, exposure and opportunity then we all have the ability to achieve whatever level of success we are willing to work toward.
