**The Tao of the Tao Te Ching (Suny Series in Chinese Philosophy & Culture) (Suny Series, Chinese Philosophy & Culture)** Michael LaFargue

In this new translation and commentary, LaFargue interprets the concept of Tao in the Tao Te Ching as a spiritual state of mind cultivated in a particular school in ancient China a state of mind which also expressed itself in a simple but satisfying life-style, and in a low-key but effective style of political leadership. The interpretation offered here is not only historically accurate, but also conveys the spiritual depth of the Tao Te Ching and its contemporary relevance. The translation is made transparent by a design that presents all of the commentary on the page facing the relevant text."
