Now or Never: Why We Must Act Now to End Climate Change and Create a Sustainable Future

Tim Flannery

Now or Never: Why We Must Act Now to End Climate Change and Create a Sustainable Future Tim Flannery

In *Now or Never*, the internationally acclaimed author of *The Weather Makers* returns to the subject of climate change with a book that is at once a forceful call to action and a deeply (and often surprisingly) pragmatic roadmap toward sustainability. Utilizing the most up-to-the-minute data available, Tim Flannery offers a guided tour of the environmental challenges we face and their potential solutions in both the big picture and in specific detail. He explores everything from techniques for storing the carbon that dead plants release into the earth to the fragile balancing act between energy demands and food supply in India and China, from carbon-trading schemes in South America to a recent collaboration between a Danish wind-energy company and an automobile manufacturer that may produce a viable electric car and end the reign of big oil. *Now or Never* is a powerful, thought-provoking, and essential book about the most urgent issue of our time. It burns with Flannery's characteristic mix of passion, scientific precision, and "offhand interdisciplinary brilliance" (*Entertainment Weekly*).

Esther Ponce:

Is it anyone who having spare time then spend it whole day by simply watching television programs or just laying on the bed? Do you need something new? This Now or Never: Why We Must Act Now to End Climate Change and Create a Sustainable Future can be the respond to, oh how comes? A book you know. You are so out of date, spending your time by reading in this brand new era is common not a nerd activity. So what these publications have than the others?

Kirk Qualls:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's heart or real their hobby. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Now or Never: Why We Must Act Now to End Climate Change and Create a Sustainable Future can make you experience more interested to read.
