John Adams and the American Revolution

Catherine Drinker Bowen

John Adams and the American Revolution Catherine Drinker Bowen

In this highly praised biography of the formative years of the America's second president, Mrs. Bowen portrays John Adams within the context of colonial America and examines the momentous events that forged a new nation and the character of our second president. This is an old-fashioned biography, beautifully written, passionately interested in its subject. Mrs. Bowen's primary aim is to convey the temper of mind and intellectual curiosity of a man who many consider the most brilliant individual to have ever held the high office of the presidency.
