The Cthulhu Mythos H.P. Lovecraft

This collection represents the tales H.P. Lovecraft penned in his lifetime regarding the macabre universe he created, and filled with ancient gods and primordial creatures from the abyss. They deal with subjects who, through delving too deep into the shadowy manifestations of magic and hidden lore of the grimoire called the Necromonicon, have unleashed horrors beyond imagination.

Although utilized as themes by other writers and musicians through the years, the stories included in this compilation remain the core root of Lovecraft's vision:

The Nameless City

The Festival

The Colour Out of Space

The Call of Cthulhu

The Dunwich Horror

The Whisperer in Darkness

The Dreams in the Witch-House

At the Mountains of Madness

The Shadow Over Innsmouth

The Shadow Out of Time

The Haunter of the Dark

The Thing on the Doorstep

The Case of Charles Dexter Ward
