Demonproof - Sequel to Colin Wilson's "The Mind Parasites" John E. Darling

A hopeful and sometimes white-knuckle voyage into the deep potentialities of the human mind, that is, once freed by the brave few from its age-old shackles of fear. The demons are not devils, gods or any other such bogeymen, but only those limitations we have created in the dark cellars of our own unconscious minds (and enshrined in our religions and taboos). Welcome to a great first sci-fi novel and a great read from Oregon, that cradle of minds not afraid to kick down walls and open the door to new powers!

“Certainly a remarkable conception and highly imaginative.”

--Colin Wilson, author of The Mind Parasites
