Economic Literacy: Basic Economics with an Attitude

Frederick S. Weaver

Economic Literacy: Basic Economics with an Attitude Frederick S. Weaver

In its third edition, *Economic Literacy: Basic Economics with An Attitude*, explains the logic, language, and worldview of economic theory, in a continuation of the engaging style that made earlier editions so accessible to the reader. While covering the fundamentals of the discipline, the author also includes a wide range of new material focusing on the structure, causes and results of the 'Great Recession'. From microeconomics and macroeconomics to the composition of international and domestic economies, *Economic Literacy* also makes the key distinction between economics as an academic discipline and the economy as a practical reality. Never grim, often witty, and frequently insightful into our turbulent financial times, *Economic Literacy's* third edition is a must for students of economics everywhere.
