Aaron has no idea what he's walking into when he shows up to pose for a famous—and famously bad-tempered—photographer. He certainly doesn't expect to end up working as Jake's assistant for five frustrating, thrilling, and crazy years instead of in front of the camera.

It all works until Jake realizes Aaron has become the focus of his life, a life that's threatened when Aaron actually leaves him to start a relationship with someone else. Though it breaks his heart, Jake realizes he has to set his beloved muse free to have any chance of winning Aaron back.
