Endgame and Act Without Words

Endgame and Act Without Words

Samuel Beckett was awarded the Nobel Prize for Literature in 1969; his literary output of plays, novels, stories and poetry has earned him an uncontested place as one of the greatest writers of our time. *Endgame*, originally written in French and translated into English by Beckett himself, is considered by many critics to be his greatest single work. A pinnacle of Beckett's characteristic raw minimalism, it is a pure and devastating distillation of the human essence in the face of approaching death.
