Imperium

Ryszard Kapuscinski

Imperium Ryszard Kapuscinski

The Polish journalist whose *The Soccer War* and *The Emperor* are counted as classics of contemporary reportage now bears witness in *Imperium* to the disintegration of the Soviet Union. This magisterial book combines childhood memory with unblinking journalism, a radar for the truth with a keen appreciation of the absurd.

Imperium begins with Ryszard Kapuscinski's account of the Soviet occupation of his town in eastern Poland in 1939. It culminates fifty years later, with a forty-thousand-mile journey that takes him from the haunted corridors of the Kremlin to the abandoned *gulag* of Kolyma, from a miners' strike in the arctic circle to a panic-stricken bus ride through the war-torn Caucasus.

Out of passivity and paranoia, ethnic hatred and religious fanaticism that have riven two generations of Eastern Europeans, Kapuscinski has composed a symphony for a collapsing empire—a work that translates history into the hopes and sufferings of the human beings condemned to live it.
