## **The Bartender's Tale [Unabridged] [Audible Audio Edition]** Ivan Doig

Time and again, Ivan Doig has proven himself to be a treasure of American letters. Critical darlings and New York Times best sellers, his novels target the heart of the human experience and never miss the mark. The Bartender's Tale stars Tom Harry and his 12-year-old son, Rusty, who live alone and run a bar in a small Montana town in the early 1960s. Their lives are upended when Proxy, a woman from Tom's past, and her beatnik daughter, Francine, breeze into town. Is Francine, as Proxy claims, the unsuspected legacy of her and Tom's past? Without a doubt she is an unsettling gust of the future, upending every certainty in Rusty's life and generating a mist of passion and pretense that seems to obscure everyone's vision but his own. As Rusty struggles to decipher the oddities of adult behavior and the mysteries build toward a reckoning, Ivan Doig wonderfully captures how the world becomes bigger and the past becomes more complex in the last moments of childhood.
