Theory of Religion

Georges Bataille

Theory of Religion Georges Bataille

Theory of Religion brings to philosophy what Bataille's earlier book, *The Accursed Share*, brought to anthropology and history; namely, an analysis based on notions of excess and expenditure. Bataille brilliantly defines religion as so many different attempts to respond to the universe's relentless generosity. Framed within his original theory of generalized economics and based on his masterly reading of archaic religious activity, *Theory of Religion* constitutes, along with *The Accursed Share*, the most important articulation of Bataille's work. Georges Bataille (1897-1962), founder of the French review *Critique*, wrote fiction and essays on a wide range of topics. His books in English translation include *Story of the Eye*, *Blue of Noon*, *Literature and Evil*, *Manet and Eroticism*. Robert Hurley is the translator of *The History of Sexuality* by Michel Foucault and cotranslator of *Anti Oedipus* by Gilles Deleuze and Felix Guattari. Distributed for Zone Books.
