"Without question No. 1." - Philip Johnson

Le Corbusier (1887-1965) is known as one of the giants of twentieth-century architecture and design. The Swiss-born, self-named architect was not only the creator of some of the most impressive buildings of the last century, he was also an accomplished painter, sculptor, furniture designer, urbanist, and author. His work and social theories continue to be a dominant force today, and his elegant manner, typified by his iconic round black eyeglasses, is still the signature look for architects around the world. Only a book grand in size could encapsulate such a legendary figure.

Phaidon Press is pleased to announce the publication of **LE CORBUSIER LE GRAND**, a spectacular visual biography of the life and work of the father of Modern architecture. Weighing in at 20 pounds, this massive book is packed with 2,000 images and documents, many rare or previously unpublished. Drawing on an array of archival materials, this sumptuous volume depicts not only the vast and varied output of Le Corbusier, but also the major events, people, and forces that shaped the life of a man who continues to fascinate those in and outside the architectural world.

LE CORBUSIER LE GRAND follows the same dramatically oversized design of the critically acclaimed *Andy Warhol Giant Size* (Phaidon, 2006). The large format enables the reader to explore in detail a myriad of fascinating photographs, letters, personal correspondence, art works, notes, press clippings, sketches, and ephemera all featured in this one of a kind publication. The rarely seen photographs and correspondence shed new light on Le Corbusier's relationships with Josephine Baker, Eileen Gray, Fernand Léger, Pablo Picasso, and many others. A separate booklet includes transcriptions and translations (from French to English) of all featured documents.

LE CORBUSIER LE GRAND includes an insightful introductory essay by Jean-Louis Cohen, one of the world's most authoritative architectural historians, and incisive chapter introductions by Tim Benton, a highly regarded Le Corbusier scholar. This luxurious book is a striking addition to any coffee table, making it an extraordinary gift for anyone with an interest in art, architecture, or design.
