## **Igniting Inspiration: A Persuasion Manual for Visionaries** John Marshall Roberts

In this provocative book, communication expert John Marshall Roberts exposes the hidden dynamics of inspiration. In so doing, he unveils a bold new paradigm for creating inspirational media and messaging called Worldview Thinking(tm). A seamless blend of systems theory, developmental psychology, and common sense, this new framework allows socially conscious people-marketers, business leaders, and activists-to design messages that systematically overcome cynicism and inspire others to act. This book is a thoughtful call to arms for a new generation of forward-thinking leaders who are determined to achieve personal success and fulfillment while also making the world a better place.
