Saving the Whole Woman: Natural Alternatives to Surgery for Pelvic Organ Prolapse Christine Ann Kent

Millions of women suffer from a weak and damaged pelvic floor, which the medical establishment often treats with unnecessary surgery. Women frequently end up requiring multiple major surgeries, losing control over their bodies, and suffering from chronic pain and emotional devastation. Impeccably researched and beautifully written, this riveting book not only exposes the medical mistreatment of women, but also offers hope, information, and support for all women as they take back control of their own bodies.
