## **The Endocrine System at a Glance** Ben Greenstein, Diana Wood

*The Endocrine System at a Glance* provides a highly illustrated and unambiguous introduction to the basic principles and mechanisms of endocrinology and the key endocrine organs, followed by sections on reproductive and metabolic endocrinology. Clinical scenarios contextualise the basic science and illustrate how endocrine conditions present, are diagnosed, and are treated on the wards.

This third edition:

- Includes new material on basic diagnostic tests used in the diagnosis of endocrine disorders
- Features new material on cancer and endocrinology
- Includes MCQs for each chapter

*The Endocrine System at a Glance* is ideal for all medical students studying endocrinology and revising for final exams, as well as preparing for clinical attachments. The book is also suitable for those training in allied health professions and nurses specialising in endocrinology.
