Conjectures about the ultimate fate of the universe. Even harder than doing great science is explaining it. That's what The Science Masters Series does. "The great attraction of this series is the distinguished list of colleagues, the range of topics considered, and the worldwide distribution of the coherent set. I think of this series as casting a net over the world. The harvest will be our planet's next generation of thinkers and scientists. These short, easy-to-read, attractive books present cutting-edge ideas in a format that will enable a broad audience to attain scientific literacy. Here is a platform from which leading scientists in a range of disciplines, from astrophysics to zoology, can communicate their ideas to general readers. Those who understand the importance of scientific literacy in today's world will not want to miss the series.
